Sep 18									C IV-S5	IV-S5	
Sep 19											
Sep 28	PlenIV								PlenIV*		PlenIV*

Ed Tech – Global Skills Development Program

Note 1: Courses – I = Technical English (CCEGS1), II = ICT Tools (CCEGS2), III = Digital Resources (CCEGS3) & IV = ESD (CCEGS4) & Core course = eportfolio (CCEGS5).

Note 2: The eportfolio course is intended to be integrated with all the above four courses, but can be enrolled upon on a standalone basis, mostly delivered online, except for the initial induction and final plenary sessions as indicated on a flexible rolling enrollment basis, i.e. the eportfolio course has four flexible start and finish dates linked to the other courses.

This course can be used to support developing learning portfolios for any other program/course or career purpose.

Note 3: All online sessions (marked up in italics with grey background) means that there are no official timetabled face-to-face classes, but optional student tutorial access with the course coordinators. These tutorials are to be negotiated in advance *via* the course program email during the green shaded slots for these timetabled periods in **room 826** West 9. All other face to face class sessions are timetabled in **room 202** in West 9.

Course Program Contact Email:

mbsctitechsummer2015@gmail.com

* Induction sessions are repeated for each course for the same timetabled period, i.e. four times in this series. Plenary eportfolio sessions for each course are also scheduled for the same time slot, but potentially extended beyond 18:20, i.e. subject to change.
